

## Breakthroughs Small Group Discussion Questions

### Lesson 1 - Darkness vs. Light

**Group Leader Note:** *Welcome everyone. Don't be afraid to make light conversation with the group as everyone is still getting comfortable. If you can keep time under control, allow people to visit a bit before diving into the questions.*

**Group Leader Note:** *Explain how we will read guidelines every night for consistency and for anyone new who may come in along the way.*

1. What did you hear in the large group lesson/video that stood out to you?
2. What is something you heard that is encouraging you as you step into your own freedom journey?
3. What do you want God to do in your relationship with Him as a result of attending Breakthroughs?
4. What do you see could be a challenge to you in sticking with Breakthroughs?

**Takeaway:** Remember, there is an enemy who doesn't want you to be free. Ask God for strength and wisdom if you get attacked mentally to not come back.

**Prayer:** Pray for God's protection and wisdom over your group. Pray for God to encourage those in your group and give them a strong desire to seek Him.
