Lesson 5: Markers

1. In your own words, what are markers?
2. Why is it critical that we know when we are at a “crossroad” and what the markers are when we are at a “crossroad”?
3. What is the significance of our “positional markers” (identity in Christ) when we are at a “crossroad”?
4. How does knowing our identity in Christ make a difference in your freedom journey?
5. When does it feel like a battle for you to believe the truth of your identity in Christ?
6. Imagine how it would feel if you started to recognize the distinction between truth and lies and choose to believe the truth. How would this impact your life?

Prayer: There is an obvious battle for us to live as though we have not been set free. Pray for God to give the men/women in your group discernment to quickly recognize the lies of the enemy and faith to believe God’s truth even in the midst of the battle.
